TSHIMOLLO CHILOANE

Germiston, Gauteng | 081 520 3965 | tshimollochiloane2@gmail.com

PROFESSIONAL PROFILE

Detail-oriented matric graduate with paid freelance IT support experience since 2023 and independent projects in data analysis, digital administration and software development. Skilled in PC and laptop upgrades, troubleshooting, data recovery, Excel reporting and accurate record management. Organised, adaptable and committed to continuous learning. Available immediately in Johannesburg.

CORE SKILLS

· **Excel and reporting:** PivotTables, VLOOKUP/XLOOKUP, SUMIF/COUNTIF, charts, dashboards, sorting, filtering and data cleaning.

· **Administration:** Data entry, data verification, record keeping, Microsoft Word, document formatting and electronic filing.

· **Data and technology:** Google Sheets, SQL, PostgreSQL, Python and Pandas for processing and organising datasets.

· **Professional strengths:** Problem-solving, attention to detail, time management and communication.

FREELANCE AND PROJECT EXPERIENCE

Freelance IT Support Technician | 2023-Present

· Provide paid IT support to individual clients, resolving PC and laptop hardware and software issues.

· Upgrade PCs and laptops and replace broken or faulty hardware.

· Install and configure software, set up devices, and troubleshoot software problems.

· Help device owners recover data and regain authorised access to their accounts.

Independent Technical Projects

Student Management System | Python

· Built an application to capture, organise and manage student records using structured data.

Data Cleaning Projects | Python, Pandas

· Identified inconsistent data, cleaned and organised datasets, and checked results for errors.

Frontend Web Applications | HTML, CSS, JavaScript, React

· Developed responsive web interfaces using structured development workflows.
